

Electrical Mechanic

SUMMARY OF DUTIES

Reporting to the Maintenance Supervisor, you will be responsible for ensuring the smooth operation and preventive and corrective maintenance of production equipment, and performing general building maintenance. More specifically, you must install, repair, and maintain production and service equipment and their hydraulic, pneumatic, electrical, electronic, and mechanical components.

TERMS OF EMPLOYMENT

The starting hourly rate for this position is \$20.80 for candidates with a DVS and \$21.78 for those holding a DCS. After six months, these rates will increase to \$23.40 and \$24.51 respectively. At the top of the pay scale (after 12 months), the hourly rate is \$26.00 for a DVS and \$27.23 for a DCS. An evening shift bonus of \$0.50 and a night shift bonus of \$1.00 are added to this hourly rate. A range of benefits comes on top of the salary. Hold the restricted certificate in equipment connection (RCA) or agree to obtain it.

This position requires availability for the various day, evening, night, and weekend shifts.
